

DR. MARIE'S

HEALTHY DOGS

Frequently Asked Questions

1. I want to send you a patient but don't know how to explain all that you do, can I send you their info and have your staff call them?
 - **YES.**
 - Email: info@animalcarectr.com with their dog's problem, name, phone number
 - My clients live far away
 - **Prepare them they will need to drive to see me at least twice for initial assessment and meds update plan, but that we can do a lot on zoom after that.**
2. I am a tech and I want my dog to see you but:
 - I live far away.
 - **We can usually meet once and then zoom a few times if you can plan to drive 1-2 times over a few months.**
 - I don't have much money.
 - **We give techs 10% off services and**
 - **I take on a rescue case quarterly to raise funds for,**
 - **Plus I get you vet techs into my clinical trial when I can.**
 - **Finally, I will teach you all I can for you to do yourself.**
3. How much does an exam cost?
 - **\$195**
4. How much is shockwave for back and hip pain?
 - **\$300 – 600, more sites cost less per site. Plan for a little more cost to pay for exams, meds, etc.**
5. How much is Anciell SQ stem cell therapy compared to Vetstem or Gallant?
 - **\$1800 per vial treats two joints – I can often get a discount for you from the stem cell company.**

- The surgery can be done at your clinic or mine and runs about \$2000 if laparoscopic.
6. Does stem cell or PRP and shockwave always eliminate needs for medications?
 - I would say not for all patients, but reliably ½ of them.
 7. I want to use laser but can't afford weekly in clinic sessions, are there options?
 - YES – come see me, we can rent you one for two weeks, more effective at home with daily treatment anyway ~ \$210 (plus you get a discount).
 8. I am interested in more info about learning to see pain in dogs/your certification, what do I do?
 - Send me an email: drmariehd@gmail.com, I will add you to the list and make sure you get the first class discounted rate.
 9. I am a vet assistant; can I still take the classes you offer?
 - YES.
 - Will there be tests?
 - Yes, to pass certification, you will be able to take classes without getting certified.
 10. I want to see more of your cases that have less expensive treatment options, where can I do that?
 - My Facebook and website will have a ton!
 - www.drmarieshealthydogs.com
 11. I want to come shadow or intern at your practice:
 - GREAT! Send email to Heather: heatherj@animalcarectr.com with what you want and dates you want to come.
 12. Which clinical trials do you have coming up?
 - Gallant IV stem cells for: OA, allergies, KCS
 - Adequan case study: free Adequan!!
 - Not a trial but I do a makeover for a rescue dog once per quarter and raise as much money as I can to help them. Owner pays half of expenses.
